

1) Put the Guide up on your Councils website for all to see - (2) If for any reason your Council is unable to participate, please pass it to others within your local community asap, you feel would like to light a Beacon on the 21st April 2016, as a special 'tribute' to The Queen on this very special day in her life, thus representing your community by doing so, directing them to page 3, and asking them to provide all information requested in point 1, enabling me to list them correctly and liaise direct. For example - Lions, Rotary, Round Table, Young Farmers Clubs, Scouts, Girl Guides, Air Training Corps, Sea and Army Cadets, Town Centre Management groups, Town and Parish Councils to name but a few, so at least they have been informed of the event well in advance, and your local community has been offered the opportunity of joining in this 'one on a lifetime' project should they wish to do so.

Many Councils have already been involved in similar projects by lighting Beacon Braziers set up on tall wooded posts erected for similar events, gas fuelled Beacons produced for The Queen's Golden Jubilee in June 2012 and VE Day in May this year, so these could be re-lit for this event to save costs, and the event can be as large or as small as you/they wish to make it, it is the 'taking part' that's important.

If you require any further information at this moment in time, please do not hesitate to contact me.

My warmest regards to you for the New Year.

Bruno
