

It is fair to say that Brentor has been adversely affected by these changes, this is because all the journeys bar one in each direction are provided with single deck buses which can cover the whole route including Brentor, however, the journeys at 0930 from Tavistock to Okehampton and 1040 from Okehampton to Tavistock cannot be operated by a single deck bus as they require greater capacity in the form of a double deck bus, as it is providing school journeys in to Plymouth. The size of the bus means it cannot fit under the bridge at Lydford and therefore cannot serve North Brentor; unfortunately it is not possible to provide a smaller bus.

I am truly sorry for the distress and inconvenience that has resulted for some of your residents; we have done our very best to minimise the impact, in difficult circumstances. I hope I have given you adequate information to enable you to respond to your constituents.

Yours sincerely
